## AN INTERVIEW WITH MRS PETERS

I was able to interview our head teacher, Mrs Peters, this week. Carry on reading to see what questions I asked her, and how she responded.

Q. Why did you want to become the Head teacher at Moorpark Junior School?

A. I saw that I made a difference when I worked in a class at another school, and I wanted to make a bigger difference to more children.

Q. Before becoming a Head Teacher, what other jobs have you had?

A. I have worked in many schools, including a school for autistic children. Also, I have worked in car insurance, restaurants and supermarkets.

Q. What moment has meant the most to you in your career?

A. Definitely getting the job here! I have been able to work with some amazing children. Also, I was proud when I received a science award!

Q. What are the main priorities now that we are back at school?

A. We want to make sure that everyone is safe and happy, that is the most important. We also want to make sure that we are able to carry on learning and everyone feels confident in school. I am very proud of every child for returning with a smile on their face!

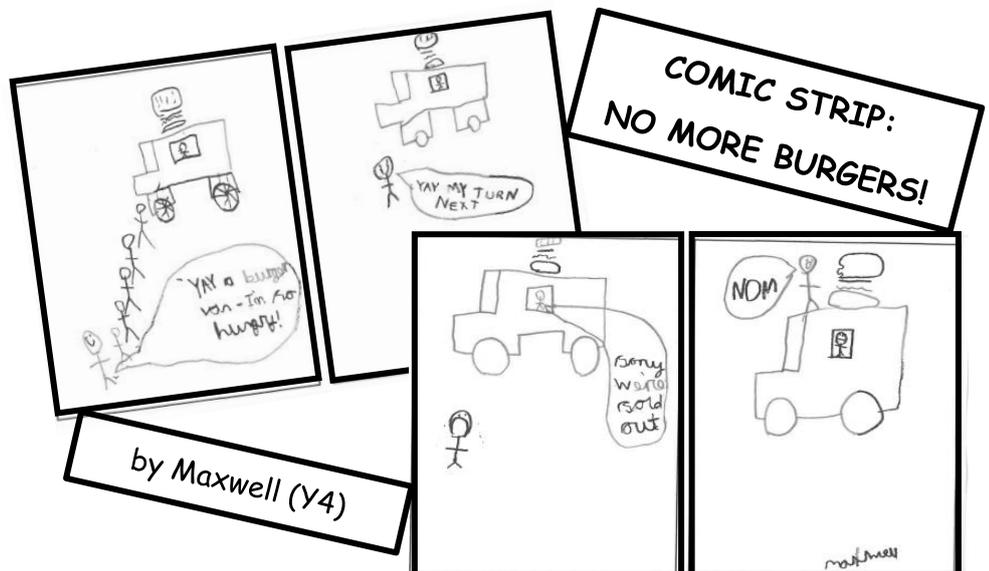

Q. What are your favourite historical time periods?

A. I enjoy learning about the Egyptians and the Elizabethan Era.

Q. What is your favourite film and book?

A. My favourite film is *The Greatest Showman*, and my favourite books are *The Harry Potter* books.

## Ask Andy the Alligator...

Dear Andy,

I am struggling in P.E. I'm not very fast and I am making my team loose. I don't want them to hate me. I am worried and sad.

-Slow Runner Girl

Dear reader,

Do not worry! I am not a very fast runner either. The most important thing is that you are trying! You can always speak to your class teacher and your P.E teacher about your worries. They will be able to reassure you.

-Andy

## POLLUTION: A MAJOR PROBLEM AND THREAT

Pollution is the introduction of harmful materials into the environment. These harmful materials are called pollutants. Pollutants can be natural, such as volcanic ash, or synthetic, such as waste produced by factories.

There are FIVE major types of Pollution. These are:

Air, Water, Soil, Light and Noise Pollution. These can be caused by many things, such as: mining, farming, burning of fossil fuels, plastic waste.

There are some ways to decrease the threat. Some solutions are:

- Using reusable materials, such as water bottles.
- Throwing away waste in the correct bins (e.g cardboard, paper).
- Water Conservation (saving water, and only using it when needed).
- Turning off electrical items that's are not in use.
- Eat food that has natural fertilizer.

## REVIEWS

*Magic Kitten: A Summer Spell (book)* ★★★★★

I have not read it all, but it's amazing! It's like The Lion King. There's a kitten that speak and turns into a lion. I cannot wait to finish it, and I recommend this to everyone to read.
