## WHO WAS KING HENRY VIII?

Henry VIII was a charismatic, English ruler who sat on the throne from 1509 until his death in 1547. For 36 years, King Henry VIII made many new rules for England and invested heavily in the Navy. However, he is best known for his six marriages!

Henry VIII wanted his wife to give him a son. He wanted a son so that, when Henry VIII died, the son could become the next King as girls at this time did not become Queen.

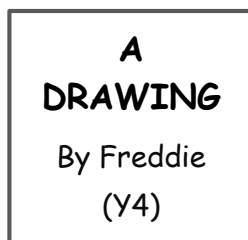

His six wives were called: Catherine of Aragon, Anne Boleyn, Jane Seymour, Anne of Cleves, Catherine Howard and Catherine Parr.

## COMPETITION TIME

The MPJ News Team want you to create a poster or a leaflet, full of information about one or more of Henry VIII's six wives!

We are looking for exciting pieces of work that stand out and make us want to read them. One poster will be picked as a winner, and the child will receive a small prize and have their poster put on display around the school. The closing date is Friday 2<sup>nd</sup> July. Good luck!

## ASK ANDY THE ALLIGATOR...

Dear Andy,

I was doing some Maths, but it was much harder than I thought it would be. I was scared, but didn't want to show it. What should I do?

-Anonymous

Dear reader,

There is no need to be scared! School is for learning, and teachers are here to help. If you need help, always ask for it.

-Andy

## DUMBLEDORE DESCRIPTION

Dumbledore had a long, silvery cloak. He wore glasses, which had round, clear lenses in it. He owns a silver deluminator, which makes the lights go on and off. His pearly white beard dangled from his chin. His cloak swept the ground as he walked, and was decorated with moon-like circles. The most interesting thing about Dumbledore is that he favours some children!

Where does Dumbledore teach? Well Dumbledore teaches at Hogwarts School of Witchcraft and Wizardry, of course! The four houses are Slytherin, Gryffindor, Ravenclaw and Hufflepuff. Gryffindor is represented by a lion, a snake for Slytherin, a badger for Hufflepuff and Ravenclaw is an eagle.
