SCIENTIST SPOTLIGHT

This is Sylvia Earle. Earle is a marine biologist, an explorer and aquanaut. This means that she

studies everything in the ocean, from the smallest plant to the biggest animal! Throughout her career, she has focussed on the fight to save the oceans from things like pollution and overfishing. She spends a lot of time underwater. Do you think you could do this as a career?

WHO IS THE NEW HEALTH SECRETARY?

Last week, news reporters released pictures of Matt Hancock breaking social distancing rules. Mr Hancock was the Health Secretary for the UK, and is one of the people who have been telling the whole of the UK to keep two metres apart in order to keep everyone safe from Covid-19. However, these pictures showed that he broke his own rules in May of this year!

As you can imagine, many people were very upset and angry with him, as he did not abide by his own rules but expected everyone else to follow them. Furthermore, a lot of people called for him to resign from his position. After his resignation, Sajid Javid took on the new role as Health Secretary.

Sajid Javid is by no means new to politics. The 51 year old from Rochdale has been an MP for Bromsgrove since 2010, and also served as Home Secretary from 2018 to 2019.

However, in his new position, Sajid Javid is now responsible for the NHS and social care in England. As Covid-19 is still happening, Mr Javid

has a very important role. He must make sure that the NHS is supported throughout the fight of Covid-19, this includes financially and also looking at how the NHS is able to perform and deliver care.

RAINBOW AND RAIN (POEM)

Rainbows are an arch
Of different colours,
That you only see
When rain and sun react.

Rain is drops of water
From the sky above,
That splash on you
And make you wet.

MY HACKING STORY

I was hacked on Roblox, so I made a new account. As I was playing, my old account then joined me and kept saying "you're next". This experience creeped me out because I didn't know who it was, but they had my account. So here is my advice to stay safe:

- Do not give out personal details (like your address or school name).
- Keep your username and passwords safe!
- Tell an adult if someone takes your account, or a stranger starts messaging you.
- Leave the server immediately if you feel unsafe.
