## SCIENTIST SPOTLIGHT

Gertrude Elion was a pharmacologist and biochemist, which means that she studied the cells in the human body. She studied the difference between healthy and unhealthy cells, so that they could create drugs that only destroyed unhealthy cells. She also found ways to stop tumours from spreading, and her medications have saved thousands of lives!

## GOODBYE YEAR 6!

To say goodbye to our current year 6 children, I interviewed a few of them and asked them some very important questions about their time at Moorpark. Here is what they said:

1. What memory from Moorpark means the most to you?  
Stanley Head was a wonderful experience, and Alton Towers was so much fun. We were able to go into caves and we climbed super high on the high ropes - Afua and Daisy.  
Scoring my first goal in a football tournament. I've scored loads since, but I will remember the first goal! - Osman.
2. Any tips for those that are going into year 6 in September?  
Focus, listen and do your work! - Jayden.  
The SATS won't be as hard as you think they will be. Just pay attention and revise when you can - Afua.
3. What was your favourite year group?  
Y4! When we were good, and completed all our work, we got free time and it was always the best! - Rio.  
Y4, as Miss Loaring was the kindest teacher - Osman.  
Y6, because we learned new things and the trips were the best. - Daisy.
4. What skill did you feel you improved the most at Moorpark?  
Maths! - Jayden. Daisy and Osman.  
My writing! - Rio.
5. Do you have any messages for your teacher?  
Thank you for teaching us! - Daisy.  
Thanks for giving us the best time - Osman.  
Thank you for being wonderful teachers, I will miss you all - Afua.

Good luck in high school, you will all be missed!

## SCIENCE AWARD

This is our very own CJ in year 6. Recently, he won the School Physicist of the Year Award. This is because of his dedication to his role as a science leader and his overall passion for science.

Every year, The Ogden Trust choose one year 6 child to win this prestigious award. So if you are currently in year 5 and love science, then please continue to show your enthusiasm towards science when you go into year 6. You might just be the next lucky winner!

## YEAR 6 MEMORIES

Year 6 have been looking back at their memories of Moorpark. Here are some of their favourite memories of their time here:

Meeting my friends who share the same passions as me. - Mason

In year 4 we went to Ford Green Hall, and we had to stay outside waiting for the coach with Miss Matthew. It was so funny! - Ummaiya

Alton Towers was the best! My favourite rides there are Oblivion and Thirteen. - Ben

## THANK YOU MOORPARK STAFF

We would like to thank you for all the amazing years we've had at Moorpark.

From year 3 to year 6, you've watched us grow. Although we have enjoyed our time here, it's time to leave and achieve a new phase in our lives (high school). It will be very depressing to leave, but we'll always remember our primary school and all the teachers.

Amazing memories have been made here and each one of us will cherish them forever. This is an experience that you have made for us and are now sending us down our next path. Thank you so much, we'll never forget you.
