WELCOME LETTER

Hello MPJ News readers! Welcome back to school, and a warm welcome to those starting here at Moorpark this year.

My name is Liliana, and I am the editor of this newsletter. This year, I am in year 5! Throughout my time at

Moorpark, I have collected tips to help me through each year. Read on to find out about some of my top tips:

1. Year 3 - Ask your teachers anything!

If you are confused or even if you have forgotten where the toilets are, then make sure that you ask someone. We all remember what it was like to start school in an entirely new building, so make sure you feel safe and confident in your surroundings.

2. Year 4 - I recommend that you start reading "Horrible Histories" books. I spent loads of time looking at the fact files, and I soon became known as the Class Historian! These books are great for topic and even general knowledge.

3. Year 5 - Practice your spellings, grammar and punctuation!

When you go into year 6, there will be a SATS (test) based on spellings, grammar and punctuation. Year 5 is the best time to start working on these skills so it makes it easier when you get into year 6.

4. Year 6 - REVISE!

Make sure to go through everything in Maths and English, and ask your teachers about anything that you are stuck with. Making flashcards and posters are useful to learn new methods.

I hope you enjoy your new school year!
