

## Dress As A Scientist Day - Friday 15th March 2024

If you could be any kind of scientist, what would you be?

As part of our **Science Week** celebrations, we would like to invite all children to dress as a scientist that they could aspire to be in the future. Gone are the days where scientists 'just' wear lab coats, so...**NO LAB COATS ALLOWED!**

**Please don't feel the need to spend any money but use the photos as inspiration.**

So many jobs involve science and so the dress up opportunities are endless! Make sure you can tell your teacher what scientist you are!

Feel free to just bring a prop with school uniform if you don't want to dress up.
