

Dress As A Scientist Day - Friday 14th March 2025

If you could be any kind of scientist, what would you be?

As part of our **Science Week** celebrations, we would like to invite all children to dress as a scientist that they could aspire to be in the future. Gone are the days where scientists 'just' wear lab coats, so...**PLEASE, NO LAB COATS!**

Please don't feel the need to spend any money but use the photos as inspiration.

So many jobs involve science and so the dress up opportunities are endless! Make sure you can tell your teacher what scientist you are!

Feel free to just bring a prop with school uniform if you don't want to dress up.
